 Closed Airfield Pavements

 Areas Under Construction

"SI risk. Twy A near Twy A7. Acft pushing onto Twy A from gates F26 and F28"

Hot Spot #2

SI risk. Twy A between Twy A14 and Twy A12. Acft pushing onto Twy A from gates K18 and K20.

Hot Spot #1

A "HOT SPOT" is defined as "A location on an airport movement area with a history or potential risk of collision or runway incursion, and where heightened attention by pilots, drivers and aircraft re-position teams is necessary."

By identifying hot spots, it is easier for users of an airport to plan the safest possible path of movement in and around that airport. Planning is a crucial safety activity for airport users.

Map to be used for reference ONLY
Not to be used for aircraft or taxi navigation
It is the responsibility of the user to ensure they have the most accurate airport reference map prior to driving or taxiing on the airfield
