

**See REVISION
on PAGE 3**

Effective Friday 12/15/23 around 2pm, the two service roads that cross the "Q" and "U" Taxiways to access United Terminal 1, Northeast Cargo and Post 12 will be permanently closed.

A new service road will be opened to the south to allow for continued access to the above referenced areas.

Barricades will be in place to close off the service roads and new signs will be in place to indicate and provide directions to the new service road, Terminal 1 and beyond.

Also on Friday, a new portion of the service road will be opened behind the new LCE gates that will complete the service road route around the C Concourse.

see PAGE 3

**SLOW DOWN!!!
WATCH FOR NUMEROUS
CONSTRUCTION VEHICLES
AND ACTIVITIES**

Effective Friday December 15th, around 4pm a small change will occur on the main service road that crosses into the construction area. The existing service shown in red will be permanently closed for continued construction of new taxiways and will be relocated approximately 300' to the north. The new service road goes to the exact same place as the old one. All airport vehicles will use the new road. The roads shown in green are for CDA and construction access only.
